

Correction in SCA Interim report, 1 January – 30 June 2008, published 2008-07-24

In connection with the publication of SCA's Interim Report, January – June, two errors were discovered in the deviations analysis table of Personal Care, page 6 in the report, concerning the Price/mix effect and the Raw material effect.

The correct effect for Price/mix is +3 instead of -2 and for Raw material -10 instead of -5 as previously stated.

A correct version of the report can be found on www.sca.com
